To whom it may concern,

IA Technology worked with Cynthia/Dynamic Bookkeeping for a number of years in Manitoba. We are an IT Provider in a competitive environment and Dynamic's services were excellent resources for my team. Cynthia was able to take significant workload off of myself allowing me to develop my business further.

The reports provided were concise and very helpful at tax time. I would certainly recommend her services to others.

Best wishes in the future,

Mike Shaver  
IA Technology
