To whom it may concern,

As a former co-owner of Tangent Strategies Inc., I hired Cynthia to work as my contract bookkeeper between 2008 and 2009. During those 18 months, day-to-day business accounting was completely stress-free.

Cynthia's accuracy, reliability, attention to detail, and efficiency are second to none. She is a pleasure to work with and is consistently positive and friendly. I recommend her without reservation for any small business bookkeeping.
